

## RAMBO 6 - Technical Data Sheet

|                                     |                                                       |
|-------------------------------------|-------------------------------------------------------|
| <b>Category</b>                     | Concrete Pumps, Plaster Pumps, Wet Shotcrete Machines |
| <b>Output Capacity</b>              | Variable 0-6 m3/h                                     |
| <b>Hydraulic Pressure</b>           | 140 bar preset                                        |
| <b>Delivery Pressure</b>            | Variable 0-65 bar                                     |
| <b>Horizontal Delivery Distance</b> | Up to 200m                                            |
| <b>Vertical Delivery Distance</b>   | Up to 70m                                             |
| <b>Aggregate Size</b>               | Up to 13mm (6mm-8mm for Shotcrete)                    |
| <b>Power Supply</b>                 | 380V,525V,1000V 3-Phase                               |
| <b>Drive Motor</b>                  | 15kW 380V,525V,1000V                                  |
| <b>Control Circuit</b>              | 24V DC                                                |
| <b>Dry Weight</b>                   | 950 kg                                                |
| <b>Oil Capacity</b>                 | 90 litres                                             |
| <b>Oil Type</b>                     | Mineral Hydraulic Oil 68 Grade                        |
| <b>Length</b>                       | 1730mm                                                |
| <b>Width</b>                        | 920mm                                                 |
| <b>Height</b>                       | 1350mm                                                |
| <b>Mounting Options</b>             | Skids/ Trailer/ Rail Car                              |
| <b>Optional Extra 1</b>             | Dosing System Up to 120 l/hour                        |
| <b>Optional Extra 2</b>             | Accelerator Tank                                      |
